

Recruitment guidelines for Financial Supporting Organization

The International Display Workshops (IDW) is holding its 32nd conference since its inception. It has grown into one of the largest-scale international conferences of the display industry, and has come to be a place where the state-of-the-art researchers and engineers engaged in display-related technology both from inside and outside of Japan exchange the latest information. We consider educating those researchers and engineers in order to dedicate ourselves to the development of the technology to be an important mission for us.

Last year's IDW '24, held on-site at the Sapporo Convention Center, attracted a total of 1,153 participants from 20 different countries and regions. The conference concluded successfully.

We highly appreciate the financial support from your organization.

IDW offers benefits based on each sponsor level: Gold, Silver, and Bronze

Benefits	Gold Sponsors ¥300,000 or more	Silver Sponsors ¥200,000	Bronze Sponsors ¥100,000
